

TENNESSEE MUST ALSO MINE COAL SITUATION TOWARD MEXICO THE SAME

GOVERNOR ROBERTS DENIES THE RIGHT OF BOTH OPERATORS AND MINERS TO REMAIN IDLE

By the Associated Press

KNOXVILLE, Tenn., Dec. 6.—Notice was served on miners and operators here today by Governor Roberts that all resources of the state in men and money would be used to produce coal unless the strike was ended speedily.

"The owner of a coal mine has not the right to use his property or decline to use it to the detriment and injury of the public," the Governor said, and, "on the other hand, the moral right of the men to strike is not in any way an absolute one."

Governor Roberts warned the operators that they must either mine coal, or exhaust every effort to do so, "or be prepared to answer to the state for failure to do so through its courts, or military powers as the state may elect."

A number of miners and operators were in the audience which heard Gov. Roberts' address. He was accompanied by Knoxville by attorney General Thompson and Adjutant General Sweeney.

SECRETARY LANSING SAID GOVERNMENT HAD NO PART IN SECURING RELEASE OF JENKINS

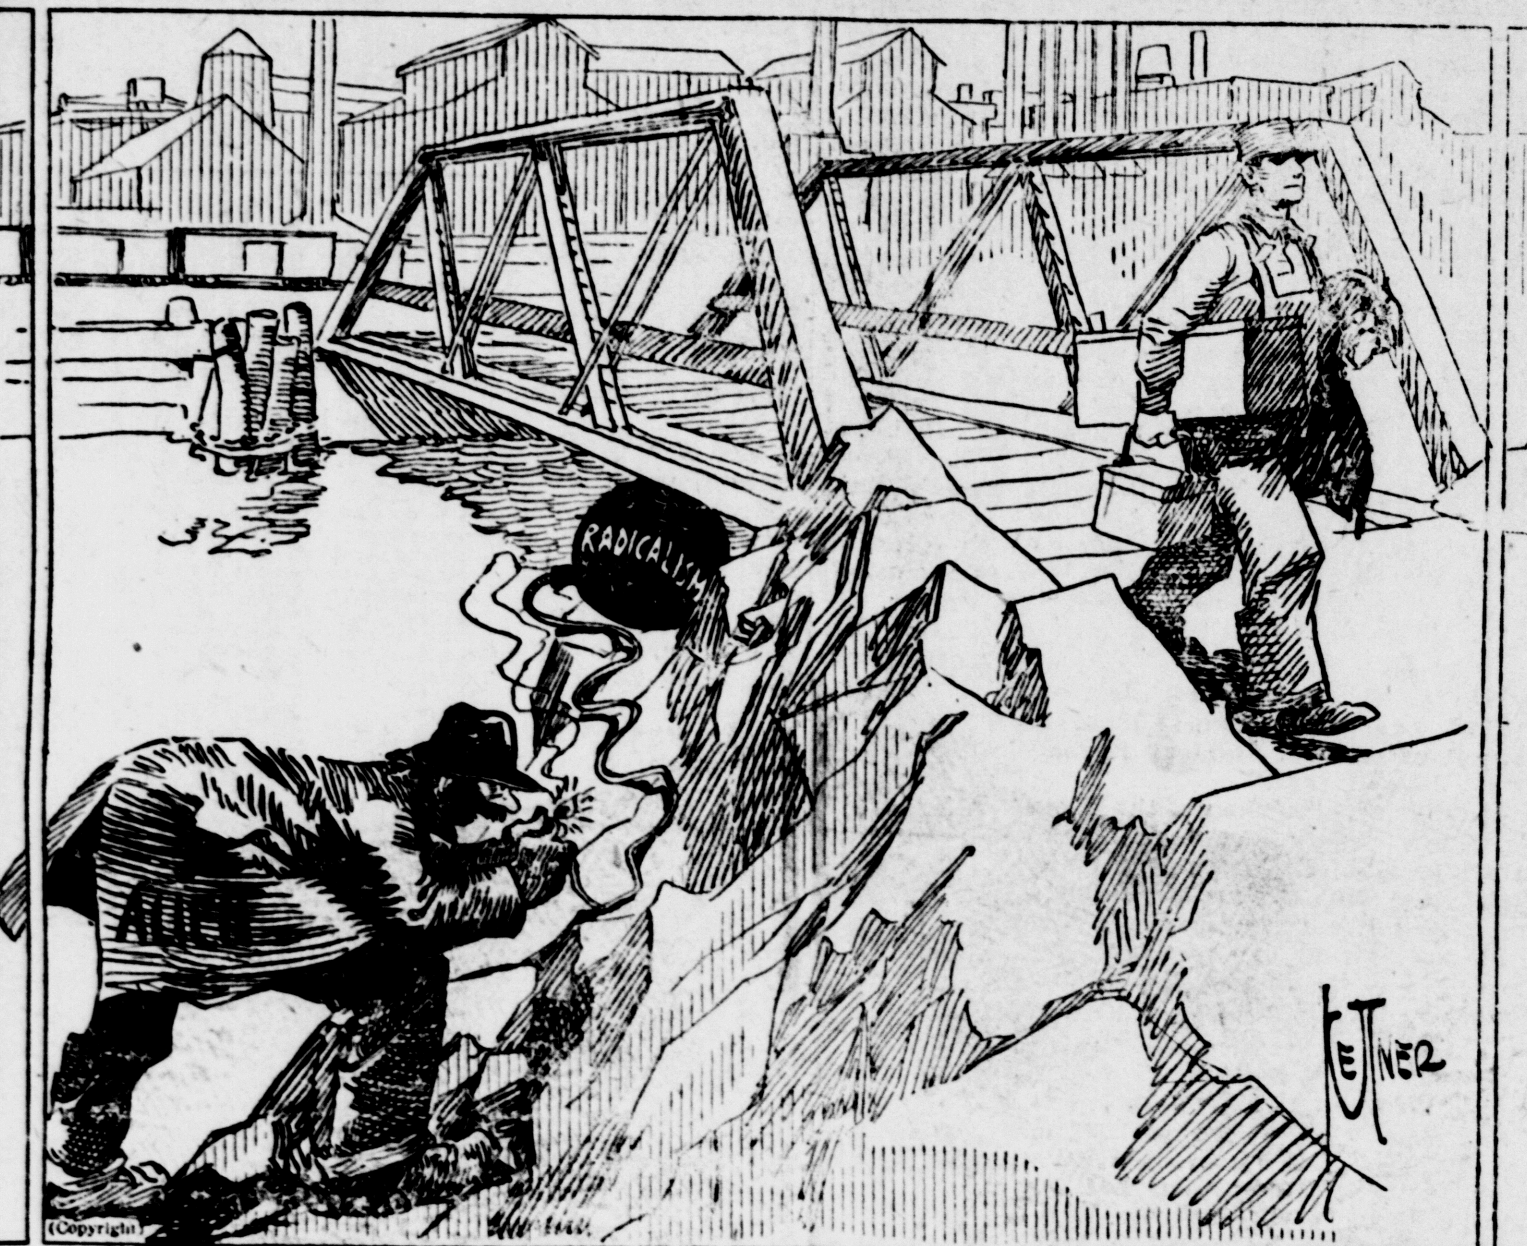

By the Associated Press

WASHINGTON, Dec. 6.—The American government has not changed its attitude on the Jenkins case and had no part in obtaining the consular agent's release on bail, Secretary Lansing declared today in denying rumors that the state department had unofficially passed the word to the embassy of Mexico city to see that the consular agent was liberated on bond.

Officials here refused to comment on reports that J. Walter Hasen who furnished the \$500 bond was acting for Lewis Carera, Minister of Finance in Carranza's cabinet. They are awaiting reports on this from the American embassy at Mexico City.

The state department, it was said, has not yet been advised officially that Jenkins was released on bail. It received word here today that Jenkins himself did not know until after he was liberated that bond was furnished and that he is conducting an investigation on his own account to determine who was responsible for his liberation.

Burning the Bridge Behind Him

KANSAS GETTING COAL BY VOLUNTEER PLAN

By the Associated Press

KANSAS CITY, Mo., Dec. 6.—Kansas is getting coal in fairly appreciable quantities through volunteer plans today; Missouri hopes to be going by night; Oklahoma where martial law has been established in coal producing counties, hopes to be in the business by Monday and Arkansas reports indicated that probably it will have launched its mining venture by early next week. In many localities concerted efforts were made to secure supplies of cord wood and other fuel. San Antonio reported that Major General Dickman had received orders from the war department to have soldiers cut wood from the military reservation forests for army use if necessary.

Kansas volunteers expected to be working in ten mines today. Unofficial reports were that when they quit work last night a total of twenty-one cars had been taken out.

DOCTOR DERCUM SAYS MR. WILSON IS STILL BETTER

By the Associated Press

WASHINGTON, Dec. 6.—Dr. F. X. Dercum, the Philadelphia neurologist, made his weekly visit to the White House today. He said he found President Wilson's condition good, but that he would not give out a statement as Senator Fall of New Mexico, who had conferred with the President, had made that for him. The president conducted some official business, including the signing of a foreign warrant and a bill to increase the pay of the police in the District of Columbia. In signing the measure the president used an indelible pencil because of the difficulty of using the pen in a reclining position. This was the first time in the history of the nation that a document of this nature had not been signed with ink.

Seed Situation Will Be Serious Next Season

Ada, Okla., 12-6-19

The seed situation should be given prompt consideration by all farmers in this county. As the large per cent of cotton and corn has been damaged during the unfavorable weather this fall.

This condition exists over a large part of the states and all men who have good well matured seed should save them for planting purposes, as they will be in demand when planting time comes.

J. B. HILL, County Agent.

Extreme Cruelty And Non-Support Alleged By Wife

Carter vs. Carter is the style of a case filed in district court yesterday afternoon, wherein Mrs. Mary Carter seeks a divorce from her husband, Ernest Carter. C. O. Barton is attorney for the plaintiff.

In her petition plaintiff states that she was married to defendant in April, 1915, that she lived with defendant three weeks, and that no children have been born to the parties. "That from the week after the marriage said defendant was guilty of extreme cruelty toward plaintiff, and cursed and abused her to her great mental humiliation, and failed to treat her as a husband should treat his wife." That defendant failed to work to support plaintiff, although an able bodied man, and that plaintiff had to work to support herself.

Wherefore, plaintiff asks a divorce and the restoration of her maiden name of Mary Johnson.

Missing Boys From Missouri Arrive in Ada

Sheriff Duncan's office had the Evening News print a lot of cards last night, asking for information concerning two boys from Mountain Grove, Missouri. They left Mountain Grove some time ago and were driving across the country to Roff. Their family at Mountain Grove had failed to hear anything of them for some days and had become uneasy about them, writing to the local officers for information. The sheriff's office had some cards of inquiry printed, intending to mail them out to other points in the state, but before they could get the cards into the mail the two boys drove into Ada. Their names are Lewis Foster and Chester Carroll.

SECRECY HOVERS AROUND NOTE TO GERMAN GOVT

By the Associated Press

PARIS, Dec. 6.—The utmost secrecy is being observed regarding the terms of the note which was unanimously adopted by the council this morning, but it can be said that it was worded so firmly that the conference expects the discussion with Germany regarding the putting of the treaty into effect will be finally closed.

The note recalls that to make the treaty effective means the immediate release of the German prisoners. The note closes by directing Germany to sign the armistice protocol failing which action, the council declares it will be compelled to adopt measures of coercion of a military nature.

Owing to the importance of the note, Pustres, the general secretary of the peace conference, will hand it personally to the head of the Ger-

BOOZE FLOWS FREELY IN ST. LOUIS TODAY

By the Associated Press

ST. LOUIS, Mo., Dec. 6.—All sorts of intoxicants were sold freely here today following the order of Federal Judge Farris yesterday, temporarily restraining the United States District attorney and the collector of internal revenue from interfering with the sale of such beverages.

Thousands of gallons of whiskey and wines were disposed of and it was a common sight to see persons boarding street cars with large urns, jugs and bundles of quart bottles. Whiskey wholesaled at from \$17 to \$2 a gallon. Bottled goods at an average of \$10 a quart.

THE ARMY TANK IN NEW SPHERE OF USEFULNESS

By the Associated Press

HOUGHTON, Mich., Dec. 6.—The army tank which had a big share in revolutionizing methods of warfare during the late world conflict, is to find a new sphere of usefulness in the snowy wastes of the far northern states, according to plans of the Keweenaw county, Michigan, highway commission.

In Keweenaw county, it is proposed to use army tanks for packing the deep snow on the public highways during the long, hard winter season. Great rollers of wooden construction have been used for years past for this purpose, the only disadvantage being that the horses hauling the packer had to flounder and wade through the deep snow ahead of it. The tank, carrying its own motive power, will do the work much more rapidly and, because of its strength, much better than was possible with the rollers, the highway commissioners believe.

No trouble in getting the tanks over the snow is anticipated and it is proposed to have them driven by Keweenaw county young men who were soldiers in the tank service during the great war and who are, therefore, accustomed to the ways and vagaries of the tanks in slimy mud and clay, not unlike, in the difficulties provided for locomotion, the snows of the north. Snow falls to a depth of several feet and drifts, in places, a score or more feet in depth in the passes and along the trails of the cliffs and little mountains of Keweenaw.

The government, in turning army automobile equipment over to the states that have road improvement programs, will give Michigan, it is said, several army tanks and caterpillar tractors and Keweenaw's road commission will seek one.

CAN'T INCREASE PRICE TO RAISE MINERS' WAGES

By the Associated Press

WASHINGTON, Dec. 6.—Not one cent can be added to the price of coal to finance any increase in the wages of miners, Fuel Administrator Garfield declared today after reading press dispatches to the effect that Governor Cox of Ohio had proposed that miners and operators in that state compromise on the basis of a 25 per cent advance in pay for the men.

Dr. Garfield indicated that the government would have no objections if the increase could be given without advancing coal prices.

The Jago or gray parrot of Africa and the yellow-headed green parrot of Mexico have the capacity for speaking best developed.

MAN WHO KILLED CZAR NICHOLAS IS PUT TO DEATH

By the Associated Press

COPENHAGEN, Dec. 6.—The soviet authorities in Russia have punished by death the individual held immediately responsible for the execution of former Czar Nicholas and his family at Yekaterinburg in June, 1918, when the Czech-Slovak troops were approaching the city where the Imperial personages were then being held prisoners, according to a dispatch from Kovno today.

A message quotes the Bolshevik newspaper, Pravda, of Moscow, as authority for this statement. The Pravda's account states that M. Johantowoff, member of the soviet, has been condemned to death and executed for ordering the execution.

TO THE PUBLIC:

Police court characters and others who become aggrieved by reason of any reflection that the publication of news items may seem to make upon them, are hereby notified that the editorial staff have set aside one hour each day to hear complaints against the paper.

Owing to the rush incident to the publication of a large daily paper such as the News, we are unable to give the time to these hearings until after the paper is on the streets in the afternoons. For this reason we designate the hour of from four to five in the afternoon to hear complaints against this publication. This is the custom practiced in the offices of most of the large metropolitan papers of the country at the present time, and we trust that it will meet with the approval of the public here. You will conserve our time and enable us to publish a still better paper if you will follow the rule.

Train Schedule Badly Crippled By Coal Shortage

Effective at midnight Sunday, radical changes will be made in the schedule of passenger trains running thru Ada. Both the Frisco and Katy are effected by the change. Altogether four trains will be taken off for the time being. Both the night trains on the Frisco—the southbound due at 11:49 p. m. and the northbound due at 4 a. m.—will be discontinued. The Katy train due here at 10:15 from Oklahoma City and the one arriving here at 5 a. m. will be eliminated from the schedule.

This change will leave only two trains a day on the Katy and makes the schedule about as bad as can be imagined. The discontinuing of night service on the Frisco cripples still more an unsatisfactory service, leaving only one train each way on points below Ada. The change is rendered necessary by the coal shortage. The Frisco is also taking off a number of switch engines on its lines.

GOV. ROBERTSON WITNESS IN THE FEDERAL COURT

By the Associated Press

KANSAS CITY, Mo., Dec. 6.—Governor Robertson of Oklahoma was the first witness for the government today in the trial of 28 alleged members of the I. W. W. on trial before Judge John C. Pollock in federal court, Kansas City, Kans. The signature of Michael Sapper, one of the defendants who later is said to have become an official in the organization, was identified by Gov. Robertson. The signature was attached to a questionnaire. Gov. Robertson was a member of the legal advisory board of Oklahoma at the time the selective service act was in operation.

Musk is the chief and most valuable export of Tachienlu, Szechuan, and its production means the annual destruction of 100,000 deer.

SUPREME COUNCIL PRESSES GERMANY

By the Associated Press

PARIS, Dec. 6.—In a note drafted by the Supreme Council today, that body demanded that Germany sign the protocol providing for the carrying out of the peace terms, failing in which the allies it is set forth will be obliged to have recourse to military measures.

Baron Von Lesner's communication which was received by Premier Clemenceau Thursday declared the Allies were misinformed regarding their complaint that Germany was exceeding the limits of military forces permitted her under the treaty.

The text of Premier Clemenceau's note to Von Lesner concerning the excessive German armament, which was made public today, shows that Germany was charged in addition to the formation of Imperial defense troops with organizing security police and emergency volunteers which have been declared to be virtually military forces. The note summoned Germany to restrict her forces strictly to the limits of the treaty.

The supreme council today took under consideration Germany's express desire that custom payments on goods entering Germany by land be made in gold as had already been done on goods sent by sea. The discussion was postponed until the treaty is put into force.

CHICAGO PLANTS ARE STILL SHUTTING DOWN

By the Associated Press

CHICAGO, Dec. 6.—The shutting down of industrial plants Monday in Chicago on account of coal shortage will put out of employment at least 200,000 men, it was estimated today. Announcement was made by G. W. Reed, regional fuel director of the northwest, that the fuel administration would go farther than the schools in conserving coal to relieve the distress.

Funeral Announcement

Funeral services in honor of Whit Hyden, who died last evening, will be held at 3 o'clock Sunday afternoon at Oak Avenue Baptist Church, by the I. O. O. F. and the W. O. W. Odd Fellows and Woodmen are requested to meet at the Hall at 1:30 o'clock to prepare for the funeral.

AMERICAN LEGION TO MEET MONDAY NIGHT

The American Legion will meet in regular meeting Monday evening at 7:30 at the city hall. A. R. Chandler, the delegate to the national convention will be ready to make his report. Plans for the New Year celebration will also be made, and there will also be an announcement of the winners in the membership drive. In fact it will be a most interesting meeting throughout and every member is urged to attend.

Whit Hyden Died Last Evening of Gunshot Wounds

Whit Hyden, who was shot yesterday morning by E. W. Ussary on East 6th Street, died last evening. The seriousness of his condition was realized from the first and death came to end his suffering early last evening. Ussary is confined in the county jail pending a hearing, a charge of murder having been filed against him this morning.

The funeral services of Mr. Hyden will be held at Oak Avenue Baptist Church tomorrow afternoon at 3 o'clock under the auspices of the Woodmen and Odd Fellows.

A BIG ENROLLMENT AT NORMAL SCHOOL

The enrollment for the winter term at the Normal school was 267 at the close of business yesterday. This is just 18 per cent over the enrollment of like date last year. The number of young men entering is very gratifying to the management. In several cases, young men who are on the farm come in for the winter term taking double work in agriculture and courses in English, penmanship, etc. The courses in agriculture are largely the attractive features. Furthermore, information regarding the courses in agriculture has been carried abroad by the school and county fairs to a very large extent as the Normal has been quite active in this kind of work. These young men are very welcome indeed and the school only hopes that it may be able to do some real effective service for them. It is interesting, also, to note that 67 new students enrolled this term—just 25 per cent of the present enrollment.

Flint weapons used by the modern savage tribes in no way compare with the finely finished weapons and implements used by prehistoric peoples in Europe.

GUARDS TOLD TO BE IN READINESS

TWO SQUADRONS OF THE THIRTEENTH UNITED STATES CAVALRY TO BE IN McALESTER TODAY

OKLAHOMA CITY, Dec. 5.—Two squadrons of the Thirteenth United States cavalry, now on duty at Columbus, N. M., will arrive in McAlester, Saturday morning for duty in the Oklahoma coal mine territory, as requested by Governor Robertson, according to word received yesterday by Adj. Gen. Charles F. Barrett.

The cavalrymen fully equipped and traveling in special trains, are due to pass through Oklahoma City at 3 o'clock Saturday morning and are due to detrain at McAlester at 10 o'clock the same date.

They will be put on duty at pit and strip mines, which are to be the first to be operated with volunteer unskilled labor, called by Governor Robertson.

Simultaneously with this announcement, Governor Robertson issued a proclamation placing the entire Oklahoma national guard in readiness to move on short notice. It is not the intention of the governor, however, it was stated, to call the guard out all at once, the purpose of the proclamation being to give the adjutant general power to select units to augment the federal forces when in his judgment conditions warrant it.

Several companies of national guardsmen, including those at Holdenville, McAlester and Tulsa already have been called and other units may be summoned today.

Major General Dickman, commanding general of the southern department of the United States Army, yesterday acquiesced in the governor's demand that only white troops be furnished. Two companies of negro infantrymen had been ordered to entrain for the Oklahoma field, but when the governor insisted that the presence of negro soldiers might cause unnecessary disturbances, the order for their movement was canceled, according to a message late yesterday evening from General Dickman.

The governor and J. A. Whitehurst, chairman of the state council of defense, left at midnight last night for McAlester, where they will establish headquarters and personally supervise the beginning of the work by volunteer workers. The governor and Whitehurst plan to dig coal along with the rest of the workers.

By the time the troops reach McAlester it is estimated that at least 500 men will be at the mines or enroute. Transportation was wired to several different points yesterday where men are being assembled and additional transportation for other points was furnished last night.

A and M. College and East Central and Southwestern normal schools each agreed to organize units of workers among the students but it is understood these will not be called until the very last.

Presbyterian Senior Christian Endeavor—Consecration Sunday
Topic—Truths that Jesus Taught.
Scripture Reading—Matt. 5:3-12.
Song Service.

Prayer.
Why is Christ the most quoted of all Earth's writers and Speakers.

What is the value of committing Christ's words to memory.—Ora Ewing.

Talk by Mrs. B. M. Bobbitt, Mizpah.

Willard School Notes

Yesterday afternoon was a large afternoon for Willard.

The pupils rendered a very interesting program, that lasted from 2 to 3 o'clock. Then this being the regular time for the Mother's Club, of which was well represented by the mothers of the district, the rest of the afternoon was well spent.

Senator Harrison delivered an interesting speech in favor of the teachers and pupils which was enjoyed by all.

Prof. Fentem of Ada High school delivered an interesting speech in favor of the movies, but put great stress on the right kind of pictures, of which can be seen at the High school on Friday and Saturday nights of each week.

Then the mothers attended to their work in regular order and adjourned to meet the first Friday in Jan. 1920.

First Christian Church
Bible Class meets promptly at 9:45. Every teacher and officer of the school should be present at least five minutes before time to open the school. Every scholar should be present by 9:45. Those who come early are sure to receive a song book. Let us have at least one hundred and seventy-five present Sunday morning, rain or shine.

Morning church worship follows the Bible School at eleven o'clock. This will be a very important hour.

Jesus said, "On these two commandments hang all the law and the prophets." So on the work done Sunday hangs the possibilities of the church for the coming year. It is the day for the Every Member Canvass. Four weeks have been put in in preparation for this day. The minister has been preaching sermons on Christian Missions, Christian Benevolence, and Christian Education at the morning services, and showing pictures in the evening. This has been done that our people might give and give intelligently for the extension of the Kingdom of God.

The Canvass will be put on in the afternoon. Teams of men will go out to the different homes in the afternoon and give the people an opportunity to give according to their ability. All members are requested to remain at home until they are visited by one of the teams. At seven in the evening the church will convene to hear reports of the day's work. This will be an interesting work. After the reports and a short praise service, all will go to the Methodist church to see the pictures on Armenia. Each member of the church is asked to notice the budget elsewhere in the paper.—C. V. Dunn, Minister.

Methodist Church—Sunday Services

The Pastor will preach at 11 a. m. Subject of sermon, "God as Revealed by Jesus Christ."

At the evening hour, the Rev. Mr. Dunn County Chairman of the Armenian Relief Committee will show some fine Armenian Pictures and give a lecture on same.

All are invited to the above services, and to the Sunday School and Young Peoples Meetings.

R. C. TAYLOR, Pastor.

First Baptist Church.

We had 458 in Sunday School last Sunday and we are expecting more than this tomorrow. Let not rain, cold or mud stop you.

The Sunbeams will meet at 2:30. Mrs. Harry Morris is the leader.

Juniors No. 1 and No. 2 will meet at 5 P. M., instead of 5:15 as heretofore.

Senior B. Y. P. U. will meet at 6 o'clock instead of 6:15. Let all members take notice and if possible be there on time. Geneva Braly's

group will be in charge of the program.

The pastor will preach at both hours. At eleven he will speak on the subject, "Some things proved by the Baptist Seventy Five Million Campaign."

At the evening hour we will deliver a message of evangelistic character. The service will begin at 7 o'clock and will be preceded by a song service lasting fifteen minutes. Prof. Fentem will be in charge.

Let us have fine congregations at both hours of worship. The public is always welcome at our church.—Clyde Calhoun Morris, Pastor.

The Birth of Christ and What It Means.

Song Service—"Saved by Grace" "More About Jesus".

Prayer.
Leader of meeting in charge—Jim Hodges.

Bible Reader's Quizz—Mrs. C. C. Morris.

Scripture Lesson—Luke 2:6-15—Alice Cameron.

Prayer.
A Messianic Kingdom Expected—Ossie Hawkins.

It promised Hope to Despairing—Mr. Bell.

The Promise was a World Redeemer—Anna Belle Perry.

Jesus Coming Meant New Inspiration—Bert Dorsey.

Conclusion—Geneva Braly.

Prayer.
Senior B. Y. P. U. meets at 6:00 o'clock. Every one be sure to come. (Continued on Page Eight.)

Sunday School at First Baptist
at 9:45. Rain or shine. Sleet or snow.

Government Protection

Our government furnishes protection of many kinds for its citizens, such as food inspection, disease quarantines, safety appliances on railroads, storm warnings, etc. But in no respect does the government give the individual more careful protection than in the laws governing National Banks.

These laws not only provide the fullest measure of protection for the depositor, but they insure the greatest possible usefulness on the part of National Banks in facilitating business.

You receive the benefit of these laws the moment you become a depositor in this bank.

First National Bank

WITHOUT DOUBLING up his fist.
AND SLAMMING it down.
ON SOMETHING or other.
AND I noticed it.
SOON AFTER he began talking.
AND HE'D tell me.
ALL ABOUT Stonewall.
AND THE whole county.
AND HE'D raise his fist.
AND LET it wave.
UP AND down.
TWO OR three times.
AND THEN.
DOWN SHE'D come.

AND HE kept it up.
AND I got so interested.
IN WATCHING his hand.
THAT I lost the tread.
OF THE conversation.
AND HE made the statement.
THAT IN five years.
STONEWALL WOULD have.
A POPULATION.
OF AT least 20,000.
AND AS he said it.
HE BROUGHT down his fist.
AND HE misjudged.
OR HE was excited.
OR SOMETHING.
AND ANYWAY.
IT CAME down.
ON THE edge of the desk.
INSTEAD of landing.
ON THE pile of papers.
THAT HE'D been hammering.
AND SKINNED his knuckles.
AND AFTER that.
HE QUIT using his fist.
AND I was glad he did.
HE MIGHT have made.
ANOTHER MISTAKE.
AND LANDED one.
ON MY jaw.
I THANK you.

tions and they figure that they could whip the democrats on that issue. But of course I may be wrong and the treaty may be brought up for final disposition in the next month or two."

Points to Party Mistake.

In discussing the treaty, Senator Gore gave it as his opinion that, if Senator Hitchcock and the administration democrats had combined with the mild reservationists republicans early last summer, the treaty would have been ratified long ago with but a few mild reservations.

But the mild reservationists republicans looked elsewhere for alignment, hooked up with the Lodge crowd and now the treaty probably won't be ratified until the force of the league is taken from it. He went on, "When thirty-six republicans signed that Round Robin last spring, I could see the end of the treaty and league unless some reservations were put in."

"There may be a compromise now, but I rather doubt it. Article ten would prevent it, I think, if nothing else. The democrats would agree to a mild reservation on that article, but not such a one as would be demanded by the others."

There is little chance of congress ending the war by concurrent resolution, and the president would not make such a proclamation anyway believes the blind senator. Endorsement of the treaty and league by the senate would not end the unrest and would only help Germany, which country is doing everything possible to get the United States embroiled in European affairs, says the senator.

Unrest Deeply Rooted.

"The causes of the unrest are much more deeply seated than people seem to think," he said, "formal ending of the war would not end the unrest. Lowered production and the adjustment following the war are at the bottom of the labor troubles. When the world gets caught up with its raw material and manufactured goods then prices will return to normal and the cause of the unrest will be removed to a great degree."

Asked concerning the predicament of the middle class in the battle between capital and labor, Senator Gore said that prices would fall soon and that salaries of the "white collar class" would have to rise somewhat to meet the unusual conditions.

Restriction of immigration to keep out the radicals and undesirable is a delicate question, said the senator, who is a member of the immigration committee in the senate. "It's hard to tell just where to draw the line," he said. "We want to keep out the radicals, but we must let in some workers to keep up our proportion of unskilled labor. The shortage of common labor today is largely responsible for the prevalent unrest among the workers."

Mexican Situation Perplexing

"The Mexican situation is just as difficult. We can't tell whether this

Jenkins is or isn't in a conspiracy to get this country into a war with Mexico."

Because of the gravity of the Mexican situation and the coal strike, Senator Gore is planning an early return to Washington. He probably will be at his seat in the senate early next week, he said. While in Oklahoma the senator has conferred with many leaders in the coal strike and will use his intimate knowledge of conditions here to help settle the difficulty on his return.

Senator Gore is very well satisfied with the progress of his campaign to date, he says. His reports are all favorable with the possible exception of Muskogee and Pittsburg counties, he declares.

Not Worried by Outlook

"The opposition really seem to

think they have a chance of winning this time," he said. "They are making lots of noise these days in Muskogee and McAlester, but I'm not worrying much."

"In 1914 it was the same way. They said lots of things here, but Muskogee was one of my best counties. I carried it by 1,875 votes, I think. I have never been strong with the politicians and they're the ones that are doing the talking just now."

When asked about the action of the Young Men's Democratic club in cancelling its invitation to him to speak here, the senator said that he hadn't heard much about it.

"I understand it's just a few opposition politicians and doesn't reflect the sentiment here, but I real-

ly haven't anything to say about it," he declared. "My vote is always the silent vote, anyway."

After his speech at the Hinton theatre at 8 o'clock Friday night, Senator Gore will remain in Muskogee until late Saturday conferring with local supporters.

Aldrich Blake will introduce the senator on his appearance Friday night.

LEAGUE THE ISSUE 1920 SAYS GORE

BELIEVES LODGE WILL HOLD
UP THE FIGHT TO BRING IT
INTO THE NEXT
CAMPAIGN

MUSKOGEE, Okla., Dec. 6.—The league of nations may be a cam-

paign issue of 1920, is the belief of Thomas Pryor Gore, senior senator from Oklahoma, who is in Muskogee in the interest of his campaign for re-election next year. He will speak tonight at the Hinton Theatre.

"Of course, it all depends on Senator Lodge, but it's my guess right now that he will hold it up long enough to inject it into the campaign next year and help put the republicans in power," he said Friday morning in his room at the Hotel Severs.

"They realize that the sentiment of the country is not for the treaty without very definite reserva-

What Will The End Be?

What you sow that also will you reap.

You can't sow corn and expect to harvest cabbages—you can't plant a pear tree and expect it to bear peaches—and MARK THIS—you can't plant extravagance and expect thrift. If you plant dollars in this bank they will produce dollars. It's up to you—what will you do?

COURTESY—SERVICE—STRENGTH

Merchants & Planters National Bank of Ada

M. R. CHILCUTT, President; LESLIE PRINCE, Cashier
H. W. WELLS, Vice-President; P. S. CASE, Vice-President

THIS BANK GROWS Because It Serves—

Serves with equal pleasure, whether you simply want change for a five-spot or need the expert service of the bank—

It grows because everybody who comes through its doors looks alike—the large and the small alike get all that's coming to them.

How do you like that kind of policy?

Thank you. We, too, believe it wins.

Guaranty State Bank of Ada

THE DEVIL AND HIS OWN

Comes now the story from the marts of the country that crude oil for fuel purposes has advanced 80 to 90 per cent. There is no diminution in the supply of oil and anyone can buy all he wants, if he has the price.

The only reason for the abnormal advance in price is the coal strike and the opportunity to wring fortunes from the suffering of humankind.

Like the scavengers of carrion the vultures of profit wing their flight to the humble hearthstones of the republic and sink their dirty beaks into the quivering flesh of babes.

Extortion follows fast in the wake of an exhausted coal supply, and the soft-handed sons of ease and hell swell dividends from the breaking hearts of the freezing.

There is no sympathy for those who refuse to arbitrate and wish desolation on defenseless women and babes.

There is no sympathy for operators who pile up profits while the scarred sons of labor suffer underpaid and under-fed.

But hell's hottest corner is far too good for the ghouls of the market who double the price of a product that might save a country from unexampled woe.

Those men are not murderers or thieves or robbers. They are worse by far than any or all of these.

And while death reaps his harvest from homes left desolate and these hounds of hell laugh at their swelling heap of gold, that unvarnished aggregation of asses known as the American congress pump foul air through their faces and plan a thirty-day recess for Christmas.

All hail to the American house of lords and the representatives of the people, who plan political chicanery while these profiteers perpetrate an infamy that would bring a blush to the face of the dirtiest pimp that ever sold a woman's virtue for an ounce of gin.

One of our most esteemed exchanges devotes two-thirds of a crowded column to a hysterical discussion of the Michigan election frauds. It takes the broad and sapient position that all those indictments were returned at the request of President Wilson. It argues with fervent heat that the president must in the nature of the case have set the legal wheels in motion else no indictments had been returned—that no one else had sufficient interest in the matter to start an investigation. It tears its very locks in amazement that Senator Newberry should be nominated, vehemently declaring that Newberry could not by any possibility be guilty. Then it cautions its readers not to form any opinion till the facts are known—that they at present do not know anything about the case and can't know anything about it. This caution is so beautiful in view of its asinine allegations of presidential activity. And further proof that the writer himself knew nothing of the case is shown by the fact that two of the culprits plead guilty the day after the super-fervid article appeared.

In our peregrinations through the realms of literature and history we occasionally encounter some lament that the democratic party is suffering from a dearth of leadership. May be so. But if so, it is the fault of democracy itself. For a half century now democracy has devoted itself with cheerful energy to the highly pleasant pastime of destroying its leaders. The world is familiar with what his party did to Cleveland. The passing of Bryan was hardly noted in the stirring times of war and pre-war, but his is like the epitaph of the Birmingham negro: "Died hard, but died complete." And Wilson. Recognized by all nations as one of the world leaders and recognized by many nations as the leader of the whole world, he has nevertheless faced a desperate struggle within his own party to encompass his destruction. One of the patent weaknesses of the democratic party is its tendency to destroy every leader of any prominence that leads its hosts to battle.

Speaking of typographical errors, that one pulled by the lino man of the Shawnee News is the best yet. He caused the editor to say that the republicans of South Dakota "indorsed Hiram Johnson infernally," when the learned editor was trying to say that they indorsed him informally.

Because it cost a million dollars to elect Newberry in Michigan the New York Times argues that the primary law and the popular election of senators are bad for the country. The moral is that it costs less to buy a legislature than it does to buy a whole state.

SOCIETY

The Twentieth Century Club will meet at the Christian Church Tuesday afternoon at three o'clock. Further notice of the meeting will appear Monday.

Friday Bridge.
The Friday Bridge Club meeting was postponed until Tuesday afternoon at which time Mrs. Arthur Marshall will be hostess at her home at 116 East 17th Street.

The Delphian Club will meet in the parlors of the Harris Hotel Tuesday afternoon at 3 o'clock. Lesson study pages 284—321 Vol. 2. Roll call, Athens.
Mrs. H. W. WELLS, Pres.
MRS. HARMON EBBY, Sec.

Miss Watt was hostess to the Monday Luncheon Club this week and for variation invited the members to dine with her at the Harris Hotel. Returning to Miss Watt's home, the ladies spent a delightful social evening.
Miss Spooner will entertain next Monday.

Married in Eastland.
Fred J. Parker of Enid, Okla., and Miss Myrtle Horton, of Ada, Okla., were married here Thursday night about 10 o'clock at the residence of Justice H. B. Horn, who officiated. They were accompanied by Earl Wetmore, of Corry, Pa.
Mr. Parker is an oil worker in the fields here and at Ranger, and has been here for several months. Miss Horton recently came from her home in Oklahoma.—Eastland Enterprise.

The Missionary Society of the M. E. Church South met in the parlors of the church Dec. 1, for the election of officers, which age as follows.

President, Mrs. W. E. McKelvey; 2nd Vice-President, Mrs. R. C. Jeter; Secretary, Miss Sallie Fulton; Treasurer, Mrs. Case; Local Treasurer, Mrs. R. E. Hayes; Supt. Publicity and Mission Study, Mrs. T. O. Cullins; Corresponding Secretary, Mrs. Frank Meadows; Social Service, Mrs. J. P. McKinley; Supt. Supplies, Mrs. C. M. Chauncey; Agent Voice, Mrs. W. D. Kennedy.

The Society will observe its annual "Harvest Day" Dec. 8 and the following program will be rendered:

Leader—Mrs. C. D. Orr, Scriptural reading and song.
Reading—Lady Percy Shaw.
Solo—Mrs. T. E. Granger.
Talk on "Bible Harvest Day"—Bro. Taylor.

After the program a reception will be held in the parlors of the church for our pastor's wife, Mrs. Taylor. All members are urged to be present.

SUPT. PUBLICITY.

Shelton-Kerr Nuptials.

One of the prettiest home weddings of the season occurred yesterday morning at 10:30 when Miss Reba Shelton became the bride of Robert S. Kerr. The ceremony took place at the home of the bride's mother, Mrs. J. W. Shelton, only the immediate families being present. Reverend Morris of the First Baptist Church officiated. Preceding the ceremony Mrs. Grace Shelton Payne, sister of the bride, sang "At Dawning," and Misses Ruth Hawkins and Willetta Kittell played the wedding march from Lohengrin for the processional. The impressive ring ceremony was used, while the bridal couple, attended by Mr. and Mrs. Tillman Shelton, stood before a bank of ferns and chrysanthemums. The bride wore a traveling suit of midnight blue tricot with hat and gloves to match. Her flowers were a corsage of white carnations. Immediately after the ceremony the couple left for a short wedding trip to Dallas and other Texas points. They will be at home after December 15th at 510 East 12th Street.

The bride is a graduate of the East Central State Normal and attended the University of Colorado for one year. She is a most estimable young lady and has a host of friends.

The groom is the son of Mr. and Mrs. W. S. Kerr of this city. He is a successful young business man of Ada and is a graduate of Oklahoma University. He was commissioned Lieutenant in the 335th Field Artillery and served two years overseas.

Dinner Surprise.

F. O. Word and wife have been in the habit for the last few years of giving the cotton buyers a dinner. So today they surprised the men very much by giving them a regular civil service feast.

The cotton buyers wish to extend to F. O. Word and wife a hearty thanks for the dinner as they feel very much obligated to them for it.

HIGH SCHOOL GIRLS WIN GAME WITH MADILL

The girls' basket ball team of the High School played Madill yesterday, winning over them with a score of 20-11. The girls report an easy victory and a good time had by all. Only two field goals were made by the opposing team, while our girls run up a total of 29 points regardless of the fact that the Madill coach fouled them upon slight provocation. The coach, Miss Campbell, accompanied the team, who are as follows: Ora Ewing, Alice McLachlan, Grace Mooney, Bernice Roach, Ada Pennington, Gladys Belgs, and the subs, Gladys Word and Sarah Tunnell.

A Correction.

In an article in yesterday's paper concerning the origin of the Armenians, the writer was made to say that the Armenians are said to be of Egyptian origin, whereas it should have been of European.—C. V. Dunn.

AMERICANS PREPARE TO GET OUT OF MEXICO

EL PASO, Texas, Dec. 5.—Certain American concerns operating in Mexico ordered their border representatives to prepare for getting their American employes out of Mexico. In some cases the definite instructions were given for immediate withdrawal of American employes from Mexico.

Names of these companies are withheld because of possible danger to their employes in quitting Mexico. Dangers to Americans in Mexico should diplomatic relations between the United States and Mexico be broken had been one of the subjects most discussed on the border in connection with the situation arising out of the Jenkins case. It was felt that an order from the government, such as was issued by President Taft in 1912 ordering Americans to leave would create much ill feeling south of the border and perhaps cause actual bloodshed.

Scattered throughout Mexico are many Americans. Many are long distances from railroads and telegraph lines. The problem of getting them out of the country in case of diplomatic relations being broken is a serious one, their employers admit.

Withdrawal of American employes from the Mexican industries and mines where they are employed will close these operations and throw hundreds of Mexicans out of employment. It is said property valued at millions of dollars will be forced to lie idle until conditions warrant return of the Americans.

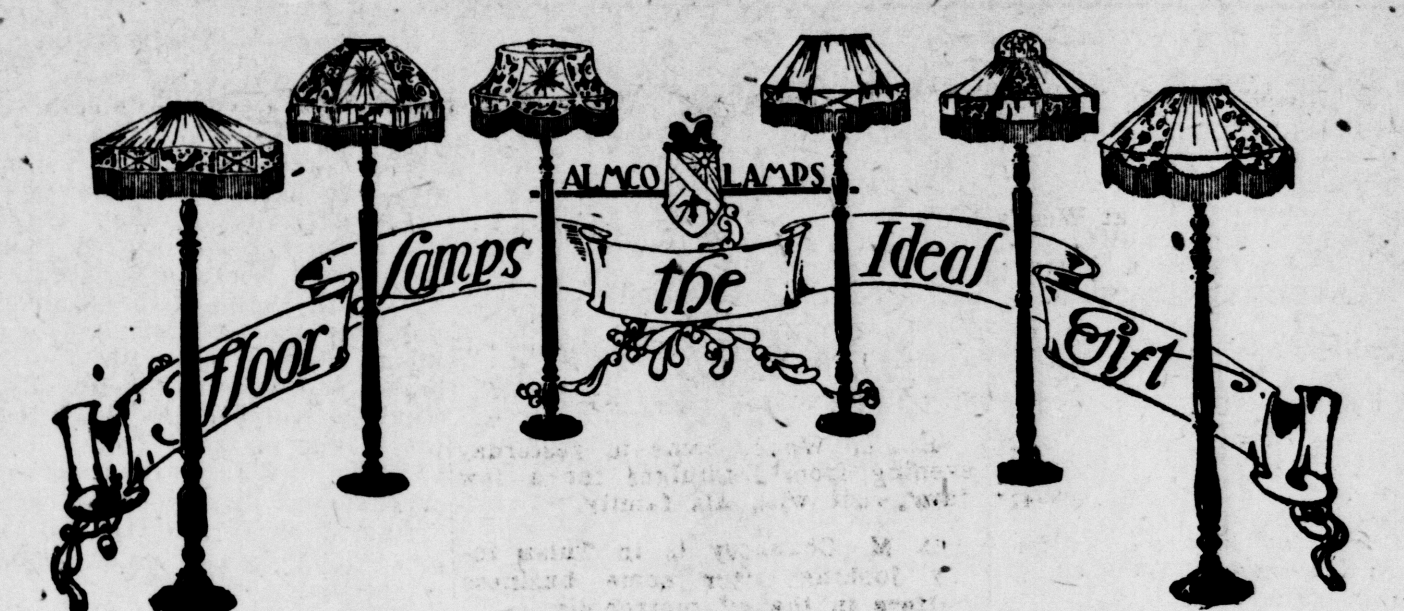

Companies preparing to get their employes home were loath today to permit publication of their intentions until it was decided the situation appeared so critical that notice of their action might reach other Americans in interior Mexico and point the way to safety.

Should a resolution for breaking relations be passed by the senate foreign relations committee, it was said a general exodus of Americans to the United States would immediately ensue.

PRESIDENT PERMITTED TO DO MORE WORK NOW

WASHINGTON, Dec. 5.—President Wilson continued to improve yesterday. Rear Admiral Grayson said, and was permitted to sign various papers submitted him. The president did not go out on the portico but was allowed to sit up for an extended period in his room.

Improvement in the president's condition has been so marked of late that Doctor Grayson said he had determined to relax somewhat his restrictions on the president's activities and allow him to do increasing amounts of work to see how this treatment works out.

Beautiful Floor Lamps

Nothing adds so cheerful a touch to the home as a beautiful lamp. Any room may be made attractive through harmonious lighting. The shades are made in many beautiful combinations of color, of the finest quality of silk. The bases are richly finished in mahogany, with two pull chain sockets.

City Briefs

Get it at Gwin & Mars.

Have your Photo made at West's. W. L. Wilson made a business trip to McAlester this morning.

Misses Dittie Johnson and Anna Robertson of Lawrence are visiting Mrs. Winnie Fisher today.

For Service Car Phone 6, Bart Smiths. Always on the job, Downing & Price. 12-3-41*

Miss Dolly Gay left this morning for Sasakwa to spend the week-end with her cousin there.

Miss Vergie Burrow left this morning for Burrow, Okla., to spend the week-end with friends and relatives.

Let's have forty-two more in Sunday School than we had last Sunday and we will have 500 at First Baptist. 12-6-11

Mr. and Mrs. Jeff Latta left this morning for Corona, New Mexico, for a visit with Mrs. Latta's brother.

Hemstitching and picot edge makes a nice finish for your Christmas gifts. See Mrs. Hall at my shop. —Mrs. M. A. Cassidy. 11-25-1mo

J. W. Meaders left this morning for his home in McAlester after a two months' visit with his son, Frank Meaders, and old friends in the city.

We have inquiries every day for good farm and city property. If you want to sell your property list it with Melton & Lehr. 12-6-11

Dewey Gilmore of Shawnee, former athletic editor of the Pesagi at the Normal, is in the city visiting Paul Carson and Selma Bolen and other friends.

Frank Hyden, prominent business man of Ardmore, is in the city as the result of the shooting and subsequent death of his brother, Whit Hyden, on yesterday.

James W. Chambers of Sasakwa passed the examination at the local recruiting station for the quarter-master corps and was sent to Oklahoma City this morning.

Mrs. L. E. Jackson left this morning for Eufaula, Okla., where she will visit her sister for a few days after which she will go to Mulberry, Ark., to spend the Christmas holidays.

John Walls, employee of the Osage Cotton Oil Mill, mashed the three middle fingers of his left hand while working this morning. Fortunately his hand was not seriously injured and he expects to return to his work Monday.

Miss Elizabeth Cain left this morning for Kansas City, Mo., where she will meet her grandfather, who will accompany her to Los Angeles, Calif., where she will spend the winter. She was accompanied as far as Francis by Miss Katherine Marshall.

Daniel Heard, 8 year old son of N. T. Heard, was trying to drive an over-sized shell into a 22 target rifle this morning, when it exploded, the shell flying back, striking him a glancing blow in the mouth, cutting it slightly. The bullet flew wildly and did no damage, owing to the fact that the muzzle of the rifle was held down at the time. Daniel was alone at the time and was badly frightened but fortunately no serious injury resulted.

IF SANTA CLAUS

were really familiar with the advantages of Kryptok, he would leave a pair in every home where double-vision glasses are needed. And if YOU were as familiar with their advantages as we could make you, you would know what a worth-while gift Kryptoks are.

KRYPTOK
GLASSES K
THE INVISIBLE BIFOCALS

With two visions invisibly combined in one pair of Kryptoks, the wearer can enjoy the comforts of natural eyesight. Kryptoks have no line nor seem to blur the vision like old-style bifocals.

When you pass our store, step in and let us tell you about our Gift Certificate, by means of which you can give Kryptoks for Christmas.

COON
JEWELRY STORE

Let a Want Ad get it for you.

Judge Young of Tishomingo was in the city yesterday on business.

FOUND—Two bundles of gloves and sox at Frisco station. Owner can get same by calling at Mayor's office and paying for this ad. 12-6-11

Claude Hendon of Washington, D. C. is in Ada today attending to some matters of business. Mr. Hendon was reared at Earlboro and is a graduate of Oklahoma University. He went to France with the American army and won a captaincy in the military service. Since returning to the states he has been practicing law in the national capital.

The Panama canal was first proposed in 1820.

The High School Community Motion Pictures will not be shown tonight as advertised. Next show next Friday evening.

IT IS Christmas Eve. The many pleasant little duties attendant upon Christnastide all accomplished, she sits dreaming, at her piano, while HIS longing eyes caress and plead. But still she dreams—as youth has dreamed on the night before Christmas for nearly two thousand years.

What cherished desire is the morrow to fulfill?

Childhood's pleasures outgrown, she contemplates the maturer interest of the "grown-ups" rather timidly. Yet one abiding interest she has that was long fostered as she listened to the lullabies her mother sang to her in babyhood—that has grown and deepened as she learned the principles of harmony and rhythm, a blessing that will enrich and beautify her whole life—her MUSIC.

And her music will be an ever-present blessing if the "Grand" or "Up-right" is chosen for her drawing room or parlor from the stocks of this store.

Mason & Hamlin, Hazleton Bros., Chickering, Ivers & Pond, and Many Other Leading Makers. A Wonderful List of Leaders From Which to Choose.

SECRETARY OF THE INTERIOR REPORTS

TO THE SPIRIT AND INTELLIGENCE OF AMERICAN CITIZENS IS DUE CREDIT FOR ALL WE ARE.

By the Associated Press

WASHINGTON, Dec. 6.—Fuller utilization of national resources in oil, coal, water power, land, and in human beings, is urged by Secretary Franklin K. Lane, of the Interior department in his annual report issued today. From the observation post that his office affords over varied governmental activities he draws the conclusion that "far beyond all our possessions . . . is the American man," in a strong appeal for Americanization and education.

"To him, to his spirit and character, to his skill and intelligence is due all the credit for the land in which we live," Mr. Lane said. "That resource we are neglecting. Twenty-five per cent of the 1,600,000 men between 21 and 31 years of age who were first drafted into our army could neither read nor write our language and tens of thousands could not speak it or understand it. Turning to the motive power facilities of the nation the report says:

"The measure of a people's industrial capacities seems to be surely fixed by its motive power possibility, and the coal strike has brought concretely before us the disturbing fact that we live virtually by unanimous consent. Let less than one half of one per cent of our population quit their work of digging coal and we are threatened with the combined horrors of pestilence and famine."

Mr. Lane asks adequate provision to collect statistical information about the industry, paving the way to better utilization of fuel in the future.

Consideration of water power and petroleum deposits takes Mr. Lane to the wider spaces of the West. He states that 70 per cent of the available horse power in the nation lies west of the Mississippi, and places the total oil production in 1918 at 356,000,000 barrels. Passage of public land leasing legislation will make further rich supplies, he says, and eventually the deposits of oil shale "can be made to yield vastly more oil than has been found in pools or sands."

"Yet with all the optimism that can be justified," the report says, "I would urge a policy of saving as to petroleum that should be rigid in the extreme. If we are long to enjoy the benefits of a petroleum age, we must save this oil."

Ships using fuel oil should be equipped with internal combustion motors, Mr. Lane believes, and not be allowed to burn oil to make steam. A foreign oil supply should also be sought and diplomatic and industrial means used to develop it.

A new basis for the operation of the Reclamation Service, which has chiefly been occupied in the Western state with a total of 1,602,000 acres made irrigable, is suggested.

"The day has come when it (reclamation) must be nationalized and extended to all parts of the republic," Mr. Lane says. "To the deserts of the West we have brought the creative touch of water, and we must find a way to go on with this work. But it is of equal importance that we should liberate rich areas new held in bondage by the swamp, convert millions of acres of idle cut-over lands to profitable use, and raise from the dead the once vigorous agricultural life of our abandoned farms."

This does not mean more federal appropriations, the report explains, but assistance to local districts which will provide funds by pledging the value of the lands within.

Mr. Lane says that 150,000 demobilized soldiers have applied for public lands. He reasserts his belief that the government is justified in doing for soldiers what it would do for no other class, as he has proposed in pending measures.

The Alaska Railroad, Secretary Lane says, has been well and solidly built, for "as little money as private parties could have built it." Though total costs have been rising, due to general price situation, the report places expenditures at \$79,000 and \$80,000 per main line mile so far as compared to \$150,000 per mile reached recently by some private roads in the United States.

In a summary of the department's

work the report shows that the Osage tribe of Indians collected last year \$17,000,000 in returns from oil and gas land leases. Up in Alaska the department mined 55,300 tons of coal. In Washington, the patent office issued 37,259 grants to inventors, while the pension office paid out \$222,159,292 to veterans of the Civil and Spanish wars.

At the national parks 755,527 visitors were recorded during the year, and questions as diverse as the feeding of elk in Wyoming and the control of vitriolic gases around Hawaiian volcanoes came up for settlement.

On irrigated lands last year \$66,000,000 in agricultural products were grown, and Mr. Lane remarks that a federal expenditure of \$100,000,000 has added close to \$500,000,000 to the tax valuation of western states. The Salt River project of Arizona where crop values totalled \$18,185,000, was the banner producer of the Reclamation Service.

Bring in that picture and let me frame it for you.—C. A. Cummins

PRESIDENT'S CENSUS WORK PROCLAMATION

Whereas, by the Act of Congress approved March 3, 1919, the Fourteenth Decennial Census of the United States is to be taken beginning on the second day of January, 1920; and

Whereas, a correct enumeration of the population every ten years is required by the Constitution of the United States for the purpose of determining the representation of the several States in the House of Representatives; and

Whereas, it is of utmost importance to the interests of all the people of the United States that this Census should be a complete and accurate report of the population and resources of the Nation;

Now, therefore, I, Woodrow Wilson,

son, President of the United States of America, do hereby declare and make known that, under the law aforesaid, it is the duty of every person to answer all questions on the census schedules applying to him and the family to which he belongs, and to the farm occupied by him or his family, and that any person refusing to do so is subject to penalty.

The sole purpose of the Census is to secure general statistical information regarding the population and resources of the country and replies are required from individuals only to permit the compilation of such statistics. No person can be harmed in any way by furnishing the information required. The Census has nothing to do with taxation, with military or jury service, with the compulsion of school attendance, with the regulation of immigration or with the enforcement of any national, state or local law or ordinance. There need be no fear that any disclosure will be made regarding any individual person or his affairs. For the due protection of the

rights and interests of the persons furnishing information every employee of the Census Bureau is prohibited, under heavy penalty, from disclosing any information which may thus come to his knowledge.

I therefore earnestly urge upon all persons to answer promptly, completely and accurately all inquiries addressed to them by the enumerators or other employees of the Census Bureau and thereby to contribute their share toward making this great and necessary public undertaking a success.

In witness Whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done in the District of Columbia this tenth day of November, in the year of our Lord one thousand nine hundred and nineteen, and of the independence of the United States the one hundred and forty-fourth.

(Seal)

WOODROW WILSON
By the President:
William Phillips
Acting Secretary of State.

Over the Top
Brethren, let us go over the top tomorrow in the Canvass for the coming year's work. Let us give liberally to the Lord's work. Come to church in the morning. Stay at home in the afternoon. Come again

at night to hear reports and praise God. C. V. DUNN, Minister.
12-6-11.

| 3 boxes household goods | --- | 15.00 | 15.00 |
| TOTAL | --- | --- | \$64.36 |

11-29-111

A LETTER TO YOU

Dear Friend:

Another little child has sbrivelled up and died!

The mother, creeping back, gaunt and cold, from the desert, has put down the thin little bones with those that strew the road, so-many-miles, and has sunk beside them, never to rise again.

Only a little child, and a mother, out on the bleak Armenian road - but what is that Vision hovering there - and what is that Voice the cold winds bear to the ears of our souls - "I was hungry and ye gave me no meat - I was naked, and ye clothed me not?"

To-day - yes, to-day - while we are preparing our gifts for Christmas - many more of these little children - not a hundred, nor a thousand, but two hundred and fifty thousand of them - are still wandering uncared for and alone in that dead land, "their weakened skins clinging in fear to their rattling bones", and they are crying out with gasping breath, "I am hungry! I am hungry! I am hungry!" And the Voice of One who watches us as we prepare gifts to celebrate His Birthday, comes again to the ears of our souls - "I am hungry! I am hungry! I am hungry!"

Now the children, and the mothers of Armenia are dreading the winter. "Just human remnants, they are, not protected, many of them, from the elements by even the dignity of rags."

But we can feed and clothe these perishing ones - some of them - before it is too late. Herbert Hoover cabled from the Caucasus: "It is impossible that the loss of 200,000 lives can at this day be prevented, but the remaining 500,000 can possibly be saved." They need not starve, and freeze and die if we will save them

Open now your heart and purse. They need not die! Give ye them to eat!

To-day nearly eight hundred thousand destitute Armenians - His people - need food and clothing. He took little children in His arms and blessed them To-day will you take one, or more, of those sad, cold, hungry little children of Armenia into your arms and heart, in His name, and give them food, and warmth and life?

"In as much as ye have done it unto one of the least of these, My brethren, ye have done it unto Me."

Faithfully yours,
For the Executive Committee,
Near East Relief,

Wm. V. Jaffe
Alexander J. Humphill
Henry Morgenthau

Read it thoughtfully - prayerfully.

Think, in this glad Christmas season, of the misery over there, in the Bible lands.

Then, give - give - not till it hurts, but - till it Blesses.

VERSIGRAMS

The Upper Dogs.
I kicked with all the other goats about my lowly state, I strained my high falsetto notes to cuss the rich and great. I argued that the common herd should have a better show, that lines of caste were so absurd that titles all should go.

But when my rich old uncle died and left his coin to me, I strolled away from Labor's side and dished equality. I said, "It's only fair and just that brilliant men like I should run the state and boss the trust and mount to honors high. The soap-box stuff is good enough to kid the low-born fool, but men like I who have the stuff can't let the people rule."

No more I greet my boyhood's chums with pleasant time of day, I shun them like a bunch of bums, and drive my car away. I've trained the cook to "Yes Sir" me, I have a Chink valet, I rush the aristocracy and high-priced cabaret. Oh, it is sad to think that the who mourn the poor man's cross, should so gosh-darned forgetful be when we've the chance to boss.

Union Service
of the churches tomorrow evening at the Methodist Church, 7:45. Suffering Armenia will be depicted. Also the work of relief. The public cordially invited. 12-6-1t.

| BUDGET OF THE FIRST CHRISTIAN CHURCH FOR 1920 | |
|---|-----------|
| Minister's Salary | \$1800.00 |
| Janitor's Salary | 150.00 |
| Lights | 84.00 |
| Telephone | 24.00 |
| Gas | 50.00 |
| Insurance | 100.00 |
| Repairs | 100.00 |
| Parsonage note and interest | 1300.00 |
| Missions, Charity and Education | 1000.00 |
| Advertising | 150.00 |
| Incidentals | 242.00 |
| Total | \$5000.00 |

This is the largest sum the church has ever planned to spend in one year. It is one thousand dollars in excess of what it was last year. Thus the larger vision has come and the church will not be disobedient to the heavenly vision. Special attention is called to two points in the above budget, first, the parsonage note and interest includes the entire remaining indebtedness on the parsonage. The missionary fund of one thousand dollars will be divided as follows:

| | |
|---------------------------------------|----------|
| Foreign Christian Missionary Society | \$ 90.00 |
| American Christian Missionary Society | 80.00 |
| Christian Woman's Board of Missions | 115.00 |
| National Benevolent Association | 80.00 |
| Church Extension | 15.00 |
| Ministerial Relief | 16.00 |
| Temperance | 2.00 |
| Christian Unity | 2.00 |
| Christian Education | 230.00 |
| State Missions | 200.00 |
| Ada Charities | 120.00 |

Total \$1000.00
For the three avenues of Christian Service, it is to be distributed as follows:

| | |
|-----------------------|----------|
| Christian Benevolence | \$216.00 |
| Christian Education | 280.00 |
| Christian Missions | 504.00 |
| (1) Home | \$339.00 |
| (2) Foreign | 165.00 |

Total \$1000.00
The church is not bound by these figures. Every local church is free to spend its funds as it sees best. But this is about the probable distribution.

Every member should realize that he can designate his contributions for any special purpose he may desire. If he desires the money he contributes to Christian Education to go to some particular college he can indicate the same on the back of the card which will be presented to him by the canvasser. If he desires all his money to go to home work he can so designate, if all to be for out of Ada, or to any particular institution. In short, every member is given the privilege of saying what his money is to be spent for, and where it is to go. It is to be hoped, however, that every member will contribute to all of the three causes indicated above and that our motto will be, "As much for others as for ourselves." Further information will be furnished by the canvassers Sunday afternoon.—C. V. Dunn, Minister.

P. S.—If the budget is raised tomorrow there will be no special offerings called for during the year. 12-6-1t.

As Influenza
is an exaggerated form of Grip, LAXATIVE BROMO QUININE Tablets should be taken in larger doses than is prescribed for ordinary Grip. A good plan is not to wait until you are sick, but PREVENT IT by taking LAXATIVE BROMO QUININE Tablets in time. adv

The Minister's
Union has endorsed the campaign for the Armenian sufferers. Most of the churches are uniting in a service to be held tomorrow evening in the Methodist church at 7:45. A large crowd expected. Pictures will be shown. 12-6-1t.

If you have no appetite for your meals, something is wrong in your digestive organs. Take a dose or two of Prickly Ash Bitters. It cleanses the stomach, liver and bowels, creates appetite, vigor and cheerfulness. Price \$1.25 per bottle at Gwin & Mays Drug Co. adv.

For your dress use covered buttons, and finish your linen with hem stitching.—Mrs. Cassidy's Button and Hemstitching Shop. 11-25-1mo.

Cork is the outer layer of the bark of a certain oak flourishing in Southern France.

CONSTIPATION
And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadorsville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before. I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape."

I cannot say too much for Black-Draught for it is the finest laxative one can use."
Theodore's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it. NC-125

EVERYDAY HISTORY

The Grave of Empires.
History offers no more peculiar spectacle than that of the tragic end of every civilization that has sprung up in Africa. Not one of the mighty countries that once flourished there have remained to this day. Egypt, a great and civilized empire five thousand years ago, died. Carthage, that once challenged the Roman Empire, has disappeared, as did the Empire of the Fatimites; Abyssinia, nominally a white and a Christian empire, is almost dead, and the Kingdom of the Vandals, like fell. No great negro empire has ever made its appearance. Liberia, planted in the hope that the Negro would develop a new and unique civilization of his own, and given every sort of encouragement that a new colony could wish in the way of material equipment, has degenerated into a worthless and almost forgotten state. Africa today is a continent of ruins that tell of former civilizations that have been supplanted by the newer peoples of Europe.

When your digestion is poor, when your bowels are constive, when your breath is bad, when your stomach is sick or disordered, and you feel languid and low spirited, Prickly Ash Bitters is the remedy you need. It cleanses the vital organs, purifies the bowels, and imparts a fine feeling of strength, vigor and cheerfulness. Price \$1.25 per bottle. Gwin & Mays Drug Co., adv.

Stay at Home
Every member of the Christian Church is expected to remain at home tomorrow afternoon until called upon by one of the canvassing teams. Come in the evening at seven o'clock to hear reports, and to praise God for His blessings. C. V. DUNN, Minister. 12-6-1t.

WARNING

Storms of unknown intensity are predicted from December 14th to 28th. Are you fully protected against fire and tornadoes.

Look up your insurance and let us go over the matter with you to see that you have proper protection. EBEY, SUGG & CO. 12-2-tf.

Not by Families, But by Individuals

In the Every Member Canvass conducted by the Christian Church tomorrow, pledges are to be made, not by families, but by individuals. Every individual member of the church is to contribute to the Lord's work, be the contribution large or small. C. V. DUNN, Minister. 12-6-1t.

Cork bearing oaks live to be 150 years old.

Modern Efficiency Means Electricity

Master Workman and Matchless Servant — electricity is both. It operates the mighty lock gates of the Panama Canal, or browns a bit of toast to tasty crispness equally easily and as well.

This servant ever awaits the touch of your summoning finger. Call it from behind the switch on your wall to brew your coffee, sweep the floors, wash and iron the clothes, the modern efficient way—ELECTRICALLY.

Selection—Schreiber's Orchestra.
Address—"American Christianization" Senator Luther Harrison.
Prayer—Dr. J. M. Gordon.

THIRD CALL TO THE PUBLIC

To the Public Generally:
More than two weeks ago the undersigned committee appointed to investigate alleged profiteering in Ada published a request for anyone possessing any information or knowledge of profiteering to submit the matter to this committee in order that justice may be done, we issue this third appeal to the citizens of Pontotoc County.

Anyone who has any knowledge whatsoever of profiteering is earnestly requested to appear before this committee in the district court room in Ada at 10 o'clock on Monday morning, December 8, and submit such evidence as he may have for an investigation. Charges have been circulated on the streets for months, but thus far no investigation has been made by anyone and no specific fact has ever been submitted to this committee. In justice to a public that may be suffering from extortionate prices and to justice to business men who may be undergoing misrepresentation, every citizen who has any knowledge of any transaction resembling profiteering should present himself to this committee at the time and place above mentioned.

Respectfully,
WAYNE WADLINGTON,
LUTHER HARRISON.

SCHOOL CHILDREN SLOWLY STARVING

By the Associated Press
COLUMBUS, Ind., Dec. 6.—Declarations on the part of parents of boys and girls attending the public schools of Columbus that their children were under-nourished because of the high cost of living has resulted in an investigation of conditions, with startling disclosures. All school children are being weighed and examined. The investigation, as far as it has proceeded, shows that 46 percent of them are more than four pounds under weight. Only 1 percent of the thousands that attend school have been found to be normal in poundage.

In an effort to build up the children's bodies and resistance force, parents of children attending one school have promised to pay for a pint of milk and buttered bread, which will be fed to pupils each morning at the school. Donald Dushane, superintendent of city schools, has requested that each child be fed a pint of milk daily and to prohibit the use of tea or coffee. The parents also are asked to see that each boy and girl gets at least nine hours' sleep each night.

Notice.
I have purchased the stock of groceries from F. A. Word and will continue business under the same rule. I hope to serve his customers as usual, new ones as well. Make this store your headquarters.
W. M. HEARD.
12-6-19

Elks Notice
Ada Lodge No. 1275, B. P. O. E., will meet Monday at 7:30 p. m. All members are urged to attend.
H. CLAUDE PITT, Sec.
12-6-21.

Goldfish which escape from captivity produce young of an olive green color, the same as the original fish before the golden color was developed by breeding.

A GREAT FRENCH GENERAL SAID

Concerning the Germans:

"They Shall Not Pass"

THE CHRISTIAN WORLD IS SAYING

Concerning the Armenians:

"They Shall Not Perish"

The Germans did not pass. The Armenians must not perish.

\$15 will feed, clothe, shelter, and school an orphan for one month.

\$10 will feed, clothe and shelter an orphan for one month.

\$ 5 will sustain a life for one month.

An opportunity will be given to contribute to this cause at the big meeting at the Methodist Church Sunday evening at 7:45.

C. V. DUNN, County Chairman

If you cannot come to the meeting, phone your desire to C. V. Dunn, phone 94 or 246, or to J. A. Smith, treasurer.

OIL PROFITEERS HOLDING UP PUBLIC

OKLAHOMA STATE COUNCIL OF DEFENSE
State House
Oklahoma City, Oklahoma.

December 3, 1919
Chairmen and Members:
Will you kindly protest to our members in Congress, asking that fuel oil be under Government control so long as the fuel situation is serious, and in as much as we are recommending the use of oil in great quantities.

We must not be imposed upon by profiteers at this time. I would advise you as Chairman of the County Council of Defense, to write a letter in that capacity to our delegates in Congress and have many of your representative citizens do the same.

Fuel oil has advanced 80 to 90 percent in the last thirty days. I trust you are doing everything you can to quiet and calm the people. Procure wood, oil and substitutes for fuel. If your public utilities, electric light signs and non-essential industries are still running, call your council and act upon this matter at once.

Yours very truly,
J. A. WHITEHURST, Chairman

Mass Meeting
at the Methodist Church tomorrow evening at 7:45. Pictures of Armenian conditions will be shown. These are fine pictures—educational and heart searching. All cordially invited. 12-6-19.

IN POLICE COURT

The case of A. T. Atkins and Nettie Owens charged with associating was called in police court yesterday afternoon. Upon investigation the evidence was found to be insufficient to warrant the charge and the case was dismissed.

A MESSAGE

Important message for you.

Our assortment of suits and overcoats is now at its best. Come in at your earliest convenience.

The new browns, grays, greens and fancy mixtures are here in single and double breasted models and your exact size is ready for you to wear.

We'll be waiting for you at the usual place.

Suits from \$17.50 to \$50, and overcoats from \$15 to \$40.

P. S. Just received a new lot of shirts and neckwear.
